Registration for the Energy and Sustainability Engineering (EaSE) Graduate Option Program

The student must first be enrolled in a departmental graduate degree program at the University of Illinois, Urbana-Champaign. Then, after arriving at Illinois:

1. On the EaSE website (http://EaSE.Illinois.edu), under Graduate Option Program, study the Areas of Specialization (see Course Tracks) and determine which one meets your career objectives. Also determine who is the EaSE faculty advisor in your department (About EaSE > People > Executive Committee).

2. Fill in this form and have your EaSE faculty advisor sign it. Feel free to ask him/her for guidance!

3. Submit this form to Ms. Elizabeth (Liz) Stull in the CSE (Computational Science and Engineering) office, 2270 DCL (second floor, south-east corner of the Digital Computer Laboratory), tel. 244-6510.

Date: ________________________________
Name: ____________________________________________
e-mail: _____________________________________________
NetID and UIN: __________________________ ; _______________
Phone: _____________________________________________
Major department: ____________________________________
Degree program (circle one): M.S. | Ph.D.
Thesis advisor (Print): ______________________________________
Expected graduation month/year: __________________________
EaSE area of specialization:
___ Biomass Energy Resources
___ Chemistry and Chemical and Materials Engineering
___ Electrical Energy Conversion, Transmission, and Distribution
___ Energy Markets, Reliability, Safety, and Security
___ Environmental Engineering for Energy Applications
___ Geologic Energy Resources
___ Nuclear Power Generation
___ Solar Energy and Climate Change
___ Thermal Energy Systems and Combustion Engines
___ Wind Energy

Semesters in which you will enroll in ENG 471: Fall of ______ and in ENG 571: Spring of ______
NOTE: In the event of a schedule conflict, it is possible to take ENG 471 online (recorded) in Spring semester.

Two courses within the chosen area of specialization: ________________________________
One course for breadth, chosen from a different area of specialization: ________________________________
NOTE: At least one of the above three courses shall be from outside of your home department. A cross-listing out of department does not qualify.

NOTE: The EaSE specialization areas are intended to be an important guide, but not to be rigid boundaries. If you wish to substitute a course that is not listed, please articulate the reasons to your EaSE faculty advisor.

Signature of student and date: _____________________________________________
Signature of EaSE faculty advisor and date: _____________________________________
